Your ONE SOURCE for Connectivity!

Port Authority™ 2-Port USB 2.0 PC Card

Extend your high-speed capabilities

Download and edit your digital pictures, MP3s and video streams with the easy-to-use Port Authority™ USB 2.0 Notebook Controller. Port Authority™ by Cables To Go allows you to easily add two 480Mbps USB 2.0 ports to your PC or Mac® notebook computer. The Port Authority™ USB 2.0 Notebook Controller is a 32-bit PC Card with dual 480Mbps USB 2.0 ports. Each port handles up to 480Mbps, which are fully hot-swappable and daisy-chainable up to 127 devices. Supported under Windows® (98 SE/ME/2000/XP) and Mac® OS X /9.0.4 and higher, the Port Authority™ PC Card enables your laptop to take advantage of today's high-speed USB 2.0 devices, including hubs, scanners, printers, PC cameras, digital cameras, keyboards, telephones, and other high-tech appliances.
